

SERVICE INFORMATION BULLETIN

	<p style="text-align: center;">DEEPER DRAFT ASSIGNMENT (B-60)</p> <p>For chartering purposes, in case you need to issue a Dual Load Line certificate for increasing the operational flexibility of your good vessels:</p> <ol style="list-style-type: none"> 1) Study for possibility for assignment of deeper draft 2) Damage Stability Assessment according to ILLC Requirements 3) Potential Strengthening of Hull, if needed 4) Addendum to Trim & Stability Booklet
	<p style="text-align: center;">CARGO ON DECK & HATCHES</p> <p>If your Bulk Carrier by design is yet to be approved to carry deck cargo we are at your disposal to perform the necessary studies and get them approved by Class.</p>
<p style="text-align: center;">RELATIVE WASTAGE SHIP GRAPHIC M/V VESSEL 1 (Built Apr. 1987) - IMO No: 1234567 SMM Hull Rating 1 UTM Survey Report of No 4 Special Survey dated February 2007</p> <p>WASTAGE RATES</p> <ul style="list-style-type: none"> Red: WORST Yellow: INTERMEDIATE Green: BEST <p><small>NOTES: The Wastage Rates indicated with the three different colors are relatively chosen for each individual ship. The colors are not meant to be used for comparison of two different vessels. The Red color does not necessarily indicate bad condition but shows which compartments on the particular ship had the most to higher wastage.</small></p>	<p style="text-align: center;">SHIP EVALUATION</p> <p>The SMM SHIP EVALUATION i.e. : Hull Structure Rating and Onboard Inspection Program is offered by S.A. Malliaroudakis Maritime (UK) Ltd. to document the condition of a vessel with a Rating Scale of One to Four [1-Highest and 4-Lowest].</p>
	<p style="text-align: center;">COMPLIANCE WITH TERMINALS' MOORING REQUIREMENTS</p> <p>Upon assessment of terminal-specific requirements, we may evaluate existing mooring arrangements & equipment and determine necessary modification/additions for alignment with the Terminal Standards.</p>

Please feel free to contact us for a consultation and hands-on demonstration of SMM' services. Our technical support staff will be available to assist in the software operation and details.

WE CAN SAIL TOGETHER.....
